

● Jingle bells as cyclists get in gear

KEEN cyclists got in the festive spirit when they dressed up their bicycles to stage a colourful parade through West Fife.

More than 40 cyclists, ranging in age from three to 82, took part in the decorated bike competition organised by Fife and Kinross District Association of the Cyclists' Touring Club.

Cycles were all spruced up with tinsel and battery-pow-

ered lights for the occasion and some were even disguised as Santa's sleigh.

The colourful procession pedalled in to Aberdour for lunch at the Cedar Inn before making its way along the millennium cycle path to Inverkeithing.

Club member Lorraine Brown said, "This was the fifth year we've had the decorated bike competition and it's extremely popular with people

of all ages.

"It attracts a lot of attention from motorists and pedestrians who wave to us as we go by.

"It's just a fun event but we present a prize for the best decorated bike."

The prize went to Glenrothes couple Margaret and Dougie Latto, whose tandem was pulling a Santa's sleigh loaded with Christmas presents.
